

# RatedBooks Author Assurance Statement

## *Your Manuscript Is Safe with Us*

We understand that sharing your manuscript—especially before publication—requires trust. RatedBooks is committed to handling your work with care and respect. Here is our promise to you:

### **Your File Is Used Only to Generate a Rating**

When you submit a PDF of your manuscript, it is processed solely to produce a ClearView content rating. We do **not** sell, share, distribute, or publish your manuscript in any form. Your file is never made available to other users, third-party marketers, or the public.

### **How We Process Your Manuscript**

RatedBooks uses an AI-assisted tool (ClearView) to analyze content and assign a rating. Your manuscript's text is *processed using an AI-assisted tool—currently Claude Composer 2.5 Fast, a Claude-based AI tool*—for the limited purpose of generating your rating and supporting excerpts. RatedBooks may also use other comparable AI tools that it selects from time to time for this same limited purpose. We use these tools solely to produce your rating and do not submit your manuscript for any other purpose. We do not claim that third-party technology providers retain zero data in all cases; however, RatedBooks does not independently use, store, or exploit your content beyond what is necessary to deliver your rating.

### **Secure Storage and Deletion**

- Your uploaded manuscript PDF is stored only on a RatedBooks computer and is not kept on Google Drive. Only the resulting rating file—the .csv data file and the report/PDF generated from it—is kept on RatedBooks' Google Drive (Google Workspace), with access limited to authorized RatedBooks personnel.
- After your rating is complete, RatedBooks keeps your PDF on file for reference in case questions about your rating arise later, unless you ask us to delete it. RatedBooks may also keep your manuscript so it can re-screen your work against updated or expanded rating criteria that may be added to the ClearView rating scale over time (for example, new content categories).
- You may request deletion of your manuscript file at any time by contacting us at [maryinthelibraryusa@gmail.com](mailto:maryinthelibraryusa@gmail.com), and we will remove it within thirty (30) days of your request.

### **You Retain All Rights**

Submitting your manuscript to RatedBooks does not transfer any ownership, copyright, or intellectual property rights. You remain the sole owner of your work. We do not claim any license to reproduce, sell, market, or create derivative works from your manuscript.

### **Questions?**

If you have any questions about how we handle your manuscript, please reach out to us at [maryinthelibraryusa@gmail.com](mailto:maryinthelibraryusa@gmail.com) or (916) 502-5398. We're happy to provide additional information.
